## 2022 Renewal Notice

All certifications expire on December 31<sup>st</sup> each year

The due date each year for renewals to be considered on time is November 15<sup>th</sup>

Renewals paid after the due date are accepted postmarked from November 16<sup>th</sup> until December 31<sup>st</sup> without a late fee

Renewals postmarked from January 1<sup>st</sup> until March 31<sup>st</sup> are accepted but incur a \$25.00 late fee

Renewals postmarked on or after April 1<sup>st</sup> are not accepted unless one of the two allowed extensions apply to the certification holder. The extensions are for long term medical care or active military service. Request for extension must be submitted with the renewal. If neither of the extensions apply, the certification holder will need to use the re-certification of an expired certification process. Visit our website [www.ncowcicb.info](http://www.ncowcicb.info) and click on how to reactivate an expired certification.

Renewal invoices for the 2023 certification year will be mailed out to current certification holders in September 2022 and will post on the website in September 2022.
